## Neutra-Wash

### Description

**treo Neutra-Wash** is a multipurpose, non-flammable neutral cleaner ideal for cleaning a wide variety of light to heavy industrial soils. **treo Neutra-Wash** is low-foaming and is suitable for high pressure and steam cleaning applications, as well as manual cleaning applications, i.e. (spray and wipe, mop and bucket cleaning). It is safe on all surfaces designed for aqueous cleaning.

### Key Properties

- Highly concentrated — Provides low use cost
- Neutral pH of 8.4 for improved user safety and wastewater discharge
- Versatile — Wide soil application
- Low-foaming — suitable for use in pressure washers, and steam cleaning equipment
- Readily biodegradable and phosphate-free

### Technical Data

Color and appearance	Clear, blue liquid
Odor	Faint
Density (lb. /gal)	8.60
Specific gravity	1.03
pH (neat)	8.2
pH (1% soln.)	8.4
Elemental phosphorus	None
Silicone-free	Yes
Biodegradable	Readily

### Use Instructions

**treo Neutra-Wash** is used in all industries.

- Light soils and general cleaning jobs  
1:32, or as needed depending on the type and degree of soils encountered.
- Heavy-duty cleaning  
1:32 to 1:10
- Steam and pressure cleaning applications  
1:32 to 1:5

### Dispensing

**treo Neutra-Wash** can be dispensed by pouring, pumping or educting through DuBois equipment. It can be applied via steam cleaning equipment, pressure washers etc. Contact your DuBois sales representative for equipment options and recommendations.

### Test Method

Use Alkaline Titration Kit #3504212 with a 30-mL sample.

### Material Compatibility

**treo Neutra-Wash** is safe at the recommended use concentrations on copper, iron, nickel, steel, stainless steel, aluminum, and galvanized metal. On low carbon steel or cast iron, a rust prevention treatment after cleaning may be required to prevent flash rusting. **treo Neutra-Wash** is also safe on plastics, rubber, and painted surfaces when used as directed. It is safe on floor sealers and resilient flooring.

### Safe Handling and Storage Instructions

Before handling and using, the Material Safety Data Sheet/Safety Data Sheet should be read and understood by all personnel in contact with this product. If frozen, thaw and mix to make usable

### Disposal

Any disposal of this product should be in compliance with all federal, state and local regulations. All industrial solutions may require some treatment before discharge. DuBois offers full service disposal and compliance consultation, backed by a full range of treatment chemicals. Detailed information is available from your DuBois Representative.

## Precautions

KEEP OUT OF THE REACH OF CHILDREN.  
Please refer to the label and Material Safety Data/Safety Data Sheet information for all warnings, recommendation for safety equipment, and other regulatory information. Copies of the Material Safety Data/Safety Data Sheet information can be ordered by calling 800 438 2647.

## EPA Partnership Information

DuBois Chemicals has an established partnership with the U.S. EPA to formulate safer chemical products. Products with the Safer Choice label help buyers identify and select products with safer chemical ingredients, without sacrificing quality or performance.
