

## SuperSmart®

Remote Monitoring System (RMS)

## What can SuperSmart do for you?

- ► Real time web-based inventory tracking!
- ► Optimize chemical usage with product usage alarms!
- ► Car count information by wash type!
- ► Active messaging on many key wash parameters!

Works with all Blendco products. Monitors up to 20 products. Connects to the internet by a Cat 5 cable to your router. Tracks up to six wash packages.

Ideal for multi-site operators that want consistency, accuracy & repeatability!

You can access your real-time information on your smart device or by a computer!

Simple to install and simpler to use! **Be Smart.... be SuperSmart!**
