

SuperSmart®

Remote Monitoring System (RMS)

What can SuperSmart do for you?

- ▶ Real time web-based inventory tracking!
- ▶ Optimize chemical usage with product usage alarms!
- ▶ Car count information by wash type!
- ▶ Active messaging on many key wash parameters!

Works with all Blendco products.
Monitors up to 20 products.
Connects to the internet by a Cat 5 cable to your router.
Tracks up to six wash packages.

Ideal for multi-site operators that want consistency, accuracy & repeatability!

You can access your real-time information on your smart device or by a computer!

Simple to install and simpler to use! **Be Smart..... be SuperSmart!**
