

# treo<sup>®</sup> RTU GENERAL PURPOSE CLEANER

**DuBois**

## *Ready-to-Use General Purpose Cleaner*

### DESCRIPTION:

treo<sup>®</sup> RTU General Purpose Cleaner is a multipurpose, non-flammable mild cleaner, ideal for cleaning a wide variety of light to heavy industrial soils. treo<sup>®</sup> RTU General Purpose Cleaner is useful in machine shops, custom powder coaters, heavy equipment manufacturers, food plants, gas stations, office buildings, and in homes. treo<sup>®</sup> RTU General Purpose Cleaner works and can be used in every facility.

### KEY PROPERTIES:

- Convenient ready-to-use form
- Mild pH for improved user safety and wastewater discharge
- Versatile – wide soil application
- Rapidly penetrates tough soils
- Silicone Free

### TECHNICAL DATA:

Color and Appearance	Clear Liquid
Odor	Mild
Density (lb/gal)	8.4
Specific Gravity	1.00 – 1.01
pH (neat)	10.8
Elemental Phosphorous	None
Biodegradable	Readily

### RECOMMENDED USE:

treo<sup>®</sup> RTU General Purpose Cleaner is used in all industries.

- Use as-is for cleaning grease, grime, or food soils from countertops, appliances, and stainless steel
- Use to clean shop tools & equipment and other hard surfaces.

### DISPENSING:

treo<sup>®</sup> RTU General Purpose Cleaner can be dispensed by pouring, pumping, or educting through DuBois equipment. It can be applied via steam cleaning equipment, pressure washers, pump-up sprayers, or hand trigger sprayers. Contact your DuBois representative for equipment options and recommendations.

### MATERIAL COMPATIBILITY:

treo<sup>®</sup> RTU General Purpose Cleaner is safe at the recommended use concentration on copper, iron, nickel, steel, stainless steel, aluminum, and galvanized metal. Pre-test on aluminum if extended contact (5 minutes or more) is expected, as minor etching may occur on some alloys. treo<sup>®</sup> RTU General Purpose Cleaner is also safe on plastics, rubber, and painted surfaces when used as directed. It is safe on floor sealers and resilient flooring.

### SAFE HANDLING & STORAGE CONDITIONS:

Before handling and using, the Safety Data Sheet (SDS) should be read and understood by all personnel in contact with this product. If frozen, thaw and mix to make usable.

### DISPOSAL:

Any disposal of this product should be in compliance with all federal, state, and local regulations. All industrial solutions may require some treatment before discharge. DuBois offers full-service disposal and compliance consultation, backed by a full range of treatment chemicals. Detailed information is available from your DuBois representative.

EPA/Safer Choice recognition does not constitute endorsement of this product. The Safer Choice label signifies that the product's formula, as DuBois Chemicals has represented it to the EPA, contains ingredients with more positive human health and environmental characteristics than conventional products of the same type. EPA/Safer Choice relies solely on DuBois Chemicals, its integrity and good faith, for information on the product's composition, ingredients and attributes. EPA/Safer Choice has not independently identified, that is, via chemical analysis, the ingredients in the product formula, nor evaluated any of DuBois Chemicals non-ingredient claims. EPA/Safer Choice provides its evaluation only as to the product's human health and environmental characteristics, as specified in the Safer Choice Standard and based on currently available information and scientific understanding.

This information is presented in good faith, but no warranty, expressed or implied is given. The final determination of the suitability of the products for the application contemplated by the user is the sole responsibility of the buyer.
